

T-ZERO_{PRO}

X-POLE 2 X 30W

The T-ZERO X-POLE is an easy to use solar lighting option for construction site entries, walkways, holding areas, car parks, special events and for security purposes. The X-POLE is an all year round clean, silent and zero emission light tower.

The X-POLE operates in complete silence and is 100% solar with zero CO² emissions, ready for your fleet.

ZERO FUEL

The high efficiency solar panel allows the unit to run with zero fuel consumption

ZERO EMISSIONS

Solar Powered lighting with ZERO emissions and a light output of 480 sqm
