RPM HIRE™

DAMAGE WAIVER

GOLD EQUIPMENT PROTECTION

RPM Hire's Gold Equipment Protection provides coverage for hired equipment to protect you against unexpected damage, theft, or loss.

Coverage Includes:

- Theft: Protection if equipment is stolen during the hire period.
- Vandalism: Coverage for damages caused by vandalism.
- Accidental Damage: Protection from unintentional damage.
- Collisions: Costs covered if the equipment is involved in a collision.

Eligibility: Available for a range of equipment, including Variable Message Signs (VMS) and other traffic management tools.

MESSAGING FUNCTIONALITY

- Remote message control - update sign messages remotely via a central software platform.
- Pre-programmed message library - store commonly used messages for quick deployment.
- Real-time message updates - change messages instantly to reflect traffic, parking availability, or event information.
- Scheduling capability - set messages to automatically display at specific times or dates.
- Multi-screen or multi-sign management - control and coordinate messaging across multiple VMS units.
- Custom text and formatting options – adjust wording, line layout, symbols, and visibility settings.
- Emergency or priority messaging override – quickly push urgent safety or directional messages.
- Queue and traffic guidance messages – direct vehicles or pedestrians during busy retail or event periods.

WHY HIRE WITH RPM HIRE?

- 24/7 service and support
- Damage Waiver add-on available
- GPS tracked in our RPM Track platform
